Subject: recurring donation transition?

Hi BiT !

I've been doing a recurring donation for a while now, via Paypal, to Blacks in Technology Foundation.

Now that you've transitioned to a 501c3 and incorporated, and set up a membership program, should I stop that recurring payment?

Also, since I'm obviously happy to support the org, and have donated \$20 per month since nov 2018, I feel like I've earned a membership at some level. What's the right way to set that up?

thanks!

..AlexJB
